Petitioner: CROOK, et al. :DECISION ON REQUEST  
Petition No.: 10/550,476 :UNDER 37 CFR 5.25  
Petition date: 04 December 2008

Title: COMPOSITE PRESS FELT

This is a decision on the petition filed 04 December 2008 for retroactive foreign filing license.

Decision: Denied

37 CFR 5.25(a) requires the following:

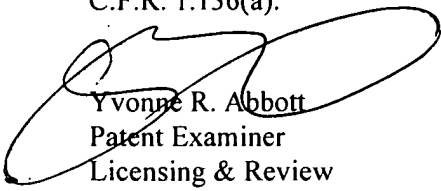

1. A listing of each of the foreign countries in which the unlicensed patent application material was filed,
2. The dates on which the material was filed in each country,
3. A verified statement (oath or declaration) containing:
  - i. An averment that the subject matter in question was not under a secrecy order at the time it was filed abroad, and that it is not currently under a secrecy order,
  - ii. A showing that the license has been diligently sought after discovery of the proscribed foreign filing, and
  - iii. An explanation of why the material was filed abroad through error and without deceptive intent without the required license under § 5.11 first having been obtained, and
4. The required fee ( § 1.17(h)).

The petition is Denied at this time in that the petition is defective since the requirement set forth in 37 C.F.R. 5.25(a)(3)(ii) has not been met.

There is no showing that the license has been diligently sought after discovery of the foreign filing since there was an extensive lapse between the discovery of the error 01 February 2007, the decision to proceed with the petition on 24 June 2007, and the ultimate filing of said petition on 04 December 2008.

Thus, in the absence of a showing of diligence, the provisions of 37 CFR 5.25 have not been met.

Accordingly, the provisions of 37 CFR 5.25 not having been fully met, the petition is DENIED, and in the absence of any response within **60 days** of the mailing date of this letter, such denial will be made final and the final action under 35 U.S.C. 185 will be taken. Extensions of time may be had under 37 C.F.R. 1.136(a).
